Instructions to interviewer: Introduce yourself and explain the purpose of your visit. Ask to speak to the care taker or any other who was present during the illness that led to death. If this is not possible, arrange a time to revisit the household when the caretaker will be home. Before interviewing the person, explain to him or her that participation in the interview is voluntary; he/she can refuse to answer any question and he/she can stop the interview at anytime. Explain to him/her that the information provided is only for research purposes and will be confidential

Instructions to the respondent: "I would like to ask you some questions that would help us to get a clear picture of all possible symptoms the diseased had/showed when she /he was ill. Some of these questions may not appear to be directly related to his or her death. Please bear with me and answer all the questions."
